

School of Modern Languages Language modules 2017/18

The School of Modern Languages (SML) offers language modules as listed in the table below. If you wish to take a language module with the School of Modern Languages, it must be part of your 120 credits of your own degree and you must have permission from your Degree Programme Director if the language is not part of your Programme Regulations. You must register for your chosen module/modules within your own School. There is no need to register with the School of Modern Languages.

There are induction meetings for each language on **Thursday 28 September** and it is important that all students wishing to take a language attend the relevant meeting.
