**Royal London Ethical Fund Z Inc.**

Holding at 31 July 2021 = **£15,091,626**

At least 80% of the Fund are invested in corporate bonds denominated in sterling or hedged back to sterling, which are generally fixed-rate issues (bonds paying interest at an unchanging rate, rather than on an adjustable basis). The remainder of the Fund's assets are invested in a range of securities, including government bonds, index-linked bonds, securitisations, supranational bonds, agency bonds, preference shares, floating-rate notes and bonds denominated in currencies other than sterling. A limited amount of the Fund's assets may be invested in other transferable securities and money market instruments. The Fund also holds a small amount of its portfolio in derivatives (investments that derive their value from another closely related underlying investment) for the purposes of efficient portfolio management. Cash should not exceed 5% of assets.
