CLINICAL LECTURERS (Fixed Term Contract)

The Role

.....

We have a fixed term clinical lecturer post available at Newcastle University Medicine Malaysia starting in January August/September 2024. The post is suitable for a registered medical practitioner, who has recently completed their housemanship training in Malaysia, who wishes to gain training and experience in medical education and a general clinical specialty. This post offers exciting opportunities for developing both your teaching and clinical skills.

This Teaching post is for 1 year, in the first instance, and commences in September 2024.

The post will be at the Newcastle University Medicine Malaysia campus in Johor Bahru, and at associated clinical facilities across Johor, Malaysia. The post holder will be a member of the clinical teaching faculty of NUMed Malaysia and the duties will comprise of teaching of clinical knowledge and skills to all 5 years of medical students at the NUMed campus.

The University has developed a Teaching and Scholarship Role Profiles document which summarises the range of activities that colleagues may be expected to perform. Candidates wishing to discuss this post may contact:

Prof. Harinarayan Radhakrishna, Dean for Clinical Affairs
(harinarayan.radhakrishna1@newcastle.edu.my)

For more information about NUMed please visit <https://www.ncl.ac.uk/numed/>

Duties

- To assist in the development, co-ordination, and delivery of undergraduate teaching on both the NUMed campus and associated teaching hospitals in Johor State. The Clinical Lecturer will participate in developing, delivering, and monitoring courses across the whole programme: from Year 1 to Year 5,
- To develop personal teaching and educational skills,
- To carry out a small-scale educational project, for example an audit or the development of new innovative teaching material,
- To undertake the Postgraduate Certificate in Medical Education at NUMed.
- To provide the Clinical Lecturer with experience and clinical training in general

(internal) medicine,

- To provide the Clinical Lecturer with experience and academic training in developing and delivering clinical teaching,
- To deliver excellent teaching to undergraduate medical students at NUMed Malaysia both within the campus and associated clinical facilities throughout Johor, Malaysia,
- To develop knowledge and skills within a general specialty area.

Teaching

Teaching Development & Training

The successful applicant will be part of a team of academic staff who make a very important contribution to developing, coordinating and delivering the undergraduate teaching programme at NUMed. Training in teaching methods will be available through the Post Graduate Certificate of Medical Education

The post will provide teaching to undergraduate medical students on campus and within associated clinical facilities throughout Johor, Malaysia, for NUMed Malaysia. There are currently around 750 students enrolled on the MBBS programme at NUMed with a target intake of approximately 140-150 students per year.
