

Welcome to the School of Arts and Cultures Academic Year 2024/25

Postgraduate Research Induction Programme

Below is the timetable for your programme's induction which includes a mix of pre-induction online information and in-person sessions on campus.

Once you have completed your online registration, please access [Newcastle University Induction](#) and your **programme community** on [Canvas](#) to view key information and pre-induction online materials. These will be available from Monday 9th September.

Please note that all times listed are British Summer Time (BST).

Arts and Cultures' postgraduate induction programme is developed to support your transition into university life and is set up for you to learn more about the University and The School of Arts and Cultures and to see what the year will look like for you. There are gaps in the timetable to enable you to participate in a range of other activities on offer and to be able to manage your time and undertake core induction activities.

Welcome! We hope you enjoyed your summer. If this is your first day, week or even hour here at Newcastle University, welcome and congratulations for achieving your place on your degree. It's great to have you on campus here in Newcastle.

The **2024 Newcastle University Induction** course has been created to support you in your first few days, weeks, and months, as you settle into university life here in Newcastle. This content works alongside your school induction community. The central induction content has been split into 2 sections, essential content and a signposting guide.

- **Your Newcastle Guide Content** –each page contains signposting information for a different area of the University, this is designed to help you find support when you need it.

The **Central University Induction** module is open now and ready to take at any time. It is essential that you visit this module before you come and during your induction week as there are a few pages that are important to review within the first week or two. You can find **Central University Induction** module through this [canvas link](#).
